

**CAREER AND TECHNICAL EDUCATION
TRADE, INDUSTRY, TECHNICAL, AND HEALTH OCCUPATIONS,
INFORMATION TECHNOLOGY, AND CAREER CLUSTERS**

Institutions will be expected to demonstrate the use of performance assessments within their programs. The assessments must be designed to demonstrate candidates' ability to apply what they have learned in the P-12 school setting.

17000.1 This is a category for preparing Trade, Industry, Technical and Health and Information Technology teachers. These standards are approved by the *North Dakota State Board for Career and Technical Education*. Teacher certification standards for these programs are available through the Department of Career and Technical Education.

Examples of occupational programs may include but are not limited to:
construction, welding, automotive, diesel, refrigeration, graphics, electronics, and health careers.

17000.2 The program requires the study of current, appropriate instructional technologies. The program uses varied performance assessments of candidates' understanding and abilities to apply that knowledge.

Examples of performance assessments may include how to:

- demonstrate appropriate use of various technologies within their instructional practices.
- select and use appropriate technology tools specific to their content area(s).
- use technology to effectively manage communications, instructional planning, and record keeping.
